ALWAYS KEEP THE ORIGINAL SKI PASS OR THE CONFIRMATION EMAIL, IF PURCHASED ONLINE, AS PROOF OF PURCHASE FOR INSURANCE COVERAGE.

AIG SNOW PROBLEM warranties are entirely issued by AIG EUROPE S.A. in accordance with the IVASS 41/2018 Regulation, informative material is available in all ticket offices or by scanning the QR code above.

**GENERAL TERMS AND CONDITIONS**

1. The Company, owner of the concession, makes an integrated system of lifts and slopes, as detailed on the ski map displayed at the ticket offices of the company and on the website [www.ski.it](http://www.ski.it).
2. These terms and conditions regulate the conditions of contract for the purchase and use of ski passes and pre-paid badges issued by the company. Sections III and IV regulate the terms and conditions for the use of ski passes and pre-paid badges sold through certified portals: Telepass, Mypass, Altoski and Snowit.
3. The purchase and possession of a ticket or travel document implies awareness and full acceptance of these terms and conditions.

**Section I - Ski Pass**

4. Users are obliged to purchase a ticket for their programme of use. The company sells ski passes from its own ticket offices as well as online, from the website [www.ski.it](http://www.ski.it). Tickets can also be purchased from the certified portals: Telepass, Mypass, Altoski and Snowit, according to the relevant conditions of sale.
5. Ski pass prices are provided in the lists on display at the aforementioned ticket offices or published online at the website [www.ski.it](http://www.ski.it) and include VAT. Prices for tickets sold on the website [www.ski.it](http://www.ski.it) are subject to variation.
6. Ticket offices accept payment in cash (compliant with the current laws) as well as major debit and credit cards. The Management also accepts payment via bank transfer, which must be sent to and result as paid at the Administration Office before any ski pass can be issued. Any requests for invoices for badges must be made before said badges are issued.
7. When collecting their ski pass, customers must ensure that the pass complies with their requests; no ski passes can be exchanged once a customer has used it to register their first access to the lifts.
8. Ski passes are sold on Key-Cards; each one requires payment of a deposit of 5.00 euros, which will be returned if the card is returned intact and in good condition.
9. Ski passes are transport documents that also serves as receipts (D.M. 30.06.1992 and subsequent amendments) and must be kept for the duration of transport.
10. Ski passes, or tickets (Key-Cards and ID badges) must be presented to lift staff every time they request them. Staff need to check validity and ensure the correct identity of the pass or ticket holder.
11. Ski passes are personal documents and cannot be transferred, even free of charge. Control systems are active for all types of ski pass, including photo compare technology (installed on lift access turnstiles) that are able to detect the user's image (see privacy policy displayed at all ticket offices and published at [www.ski.it](http://www.ski.it)). The correct use of all ski passes can also be verified remotely, even after they have been incorrectly used. Any type of incorrect use of a ski pass - which also includes giving a ski pass to another user, even a simple and/or momentary exchange of a ski pass, or purchasing a lift ticket at a reduced rate when the user is not entitled to benefit from these rates - will result in the following penalties:
  - Single one-way lift tickets, hourly, single-day or multi-day ski passes, will be immediately confiscated and cancelled, in addition to the payment made directly to the Company of a new lift ticket with the same validity and the same type as that of the ski pass that was incorrectly used according to the skiarea's adult price list;
  - Free ski passes issued for children and the corresponding ski pass to which it was linked when purchased, will both be immediately confiscated and cancelled, in addition to the payment made directly to the Company of a new lift ticket with the same validity and of the same type as that of the ski pass that was incorrectly used according to the skiarea's adult price list;
  - Season ski passholders will have to make a payment directly to the Company corresponding to the cost of a single-day ski pass according to the skiarea's adult price list, and an additional amount of Euro 100. The use of the season ski pass will be blocked until the required amount has been received;
  - Lift cards for "Pay per Use" ski passes (Mypass, Altoski and Telepass), will be permanently cancelled (therefore all credit, that has been acquired up to the cancellation of the lift card, which is used to receive lift pass discounts that are provided after reaching specific thresholds, will also be eliminated), and the costs of using the "pay per use" ski pass according to the skiarea's single-day adult price will be charged to the credit card; in addition to the right to take legal action against the offender in both a criminal and civil lawsuit in all of the above cases: all cases will in fact be reported to the local law enforcement agency.
12. Replacement hourly and single-use badges cannot be issued in case of loss. In case of lost ski passes of all types, to obtain a replacement, it is necessary to report the loss to the company which will deactivate and block the lost pass. In any case, all replacement ski passes are issued directly from the ticket office, exclusively upon presentation, by the customer, of a photograph of said card, which must show the ID code of the card or the booking code in case of online purchase. The charge for deactivating and blocking a lost ski pass and issuing a new card is € 10.00 (non-refundable if the original pass is found).
13. Ski passes that are issued against vouchers will only be provided in the format stated on the voucher and cannot be changed in any way, even prior to issue.
14. The price of the travel document includes the right to also transport skis, a snowboard, and a small, compact piece of baggage, with a total weight not exceeding 10 kg (provided that this does not prevent easy embarkation on the lift and does not, at the sole discretion of staff, present a risk for lift safety). Snow bikes may only be transported on gondolas managed by Funivie Madonna di Campiglio and Funivie Folgaria-Marlleva (it is prohibited to transport them on chairlifts, drag lifts or any other lifts where users embark wearing skis, in addition to all the lifts managed by Funivie Pinzolo). It is also prohibited to use snow bikes on all black slopes.
15. All tickets, single rides included, will expire at the end of the relevant summer or winter season.
16. Ski passes are non-refundable in case of illness, accident or for personal reasons of the holder. However, if the ski pass includes the insurance policy "Skipass Protetto" (for example, "Skipass Protetto" insurance is included with ski passes purchased online from [www.ski.it](http://www.ski.it)), the customer will have the right to reimbursement from the insurance company, provided that the conditions of policy cover are respected.
17. According to article 59, lett. n) of the Consumer Code, in the case of online purchase of ski passes there is no right of withdrawal provided for by art. 52 of the Consumer Code.
18. In case of accidents and injury on the ski slopes, duly recorded by the slope first aid staff, the insurance policy available for purchase together with the ski pass, and under the terms and conditions of the policy, (available in summary form at all company ticket offices and on the website [www.ski.it](http://www.ski.it)) includes a partial refund of the insured multi-day ski pass valid for a minimum of three days; it remains understood that anyone accompanying the injured party, even if insured, will not be entitled to a refund on their ski pass.
19. Skiers using downhill ski slopes must have valid third party liability insurance coverage for claims of damage or injury to third parties (art. 30 of the Lgs. Decree 40/2021). Therefore, the Company provides its customers the possibility to purchase third party liability insurance coverage for damage or injury to people or property, when purchasing their ski pass.

**Section II - Types of Company Ski Pass**

20. The types of ski pass available (single, hourly, day, multi-day - up to 14 days, seasonal) are stated on the price lists displayed at the ticket offices and published on the website [www.ski.it](http://www.ski.it). "Pay per use" ski passes are also available, according to the relevant conditions of sale from the certified portals Mypass, Altoski and Telepass.
21. Seasonal ski passes will be issued with the holder's photograph.
22. Differently able people who, at the time of purchase, provide documentary proof of disability, issued by the competent authorities and certifying disability of 50% or more, or between 20% and 49% will be entitled to a discount on list prices of 50% and 25% respectively:
  - on hourly ski passes;
  - on ski passes valid from 1 to 14 consecutive days;
  - as well as single journeys on gondolas only.
23. Superskiramama season ski passes (according to the interchange agreements in being between the cable lift companies, as well as the lift and slope operating programmes decided by the Management of each of the aforementioned companies) - and the Company's season ski passes, will be valid starting on December 01st 2023. These same season ski passes provide access to the lifts in operation in the ski area of reference throughout the 2023-2024 skiing season. The 2023-2024 skiing season, without prejudice to the indisputable right of the Management of each lift company to set the start and end dates for same on the relevant lifts - is 80 days for the Superskiramama ski passes (60 for Company ski passes), even for non-consecutive days, according to the month, including between December 2023 and April 2024, it being understood that:
  - a) the operation of all lifts and skiing on all slopes in the ski area of reference cannot be guaranteed;
  - b) in case of single lifts or groups of lifts being in operation for a period exceeding 80 days for Superskiramama ski passes (60 days for Company ski passes), the season ski pass will remain valid for said further period;
  - c) if local or national authorities force the closure of lifts to Force Majeure, or lifts are closed for other reasons outside of the issuing ski lift company's control, and the 80 days for Superskiramama ski passes (60 days for the Company's ski passes) can no longer be guaranteed, clients will receive a refund that is proportional to the number of guaranteed days for which they were not able to use their season ski pass.
24. The Superskiramama seasonal ski pass also offers a choice of 5 days in the "Dolomiti Superski" area on lifts according to the pass: the 5 days of validity for the "Dolomiti Superski" area are automatically enabled for the Superskiramama seasonal ski pass without the need to request individual daily passes. Any misuse of the Superskiramama seasonal ski pass will lead to its immediate withdrawal and also to cancellation of any days not used in the "Dolomiti Superski" area. In case of loss of the seasonal Superskiramama badge on the "Dolomiti Superski" pistes, since this cannot be checked by "Dolomiti Superski" staff, it is not possible to issue any replacement ticket for days not yet used in the area. Any daily tickets purchased following the loss of a seasonal Superskiramama pass in the "Dolomiti Superski" area will not be refunded.

**Section III - Lift Operation Schedule**

25. The lift and piste operation of the company and that of the lift operators in the ski area covered by the ski pass is decided by the company management and the management of each of the lift companies, at their sole discretion. The cost of the ski pass is not linked to the number of lifts and slopes open to the public, but to the possibility to ski with at least two lifts open. The operation of all lifts and skiing on all slopes cannot be guaranteed.
26. The company is not in any case liable, if, due to unforeseen events which in no way depend on the company's wishes (for example, but in no way limited to, excessive wind, lack of snow or the occurrence of an unforeseeable technical problem, the repeated and unannounced suspension of electricity) or due to competition events or training, the lifts or some of the slopes should be closed fully or in part. In these cases, the Company is not obliged to:
  - provide any type of refund (full or partial) or to substitute a ski pass;
  - provide reimbursement for any damages caused by the impossibility to access services or amenities previously booked by clients that require the use of the lifts or slopes (including but not limited to ski lessons or ski rental) and/or any expenses that skiers may incur in order to return back to their current address or their departure point.

**Section IV - Rules for Lift and Slope Use**

27. Lift users are obliged to comply with the transport rules and guidelines, as displayed at all lift departure stations; lift users are also obliged to follow the regulations of the competent authorities in the interests of safety and smooth transport, and all other instructions that may be given by employees in order to prevent accidents.
28. Skiers are obliged to comply with the signs in skiing areas and on lifts. The level of difficulty of each slope is to be considered a guideline only. Each level is shown on panoramic signs in the vicinity of the main departure stations and on ski maps available at all the open ticket offices, and it is also possible that round coloured signs may also be placed alongside all ski runs. In the interests of their own safety and that of others, skiers are expected to evaluate whether the degree of difficulty of the slope is in line with their ability. For safety reasons, it is prohibited to use the slopes after the lifts have closed and, in all cases, where closure signs are on show. In case of breach of Art. 30 ter "Skiers' Conduct" of the Regulation for execution of provincial law no. 7 of 21 April 1987, and subsequent amendments, ski passes may be withdrawn by the company or security forces.
29. It is mandatory for all skiers under the age of 18 using the slopes to wear a protective helmet (Art. 17 of Lgs. Decree 40/2021).
30. Transport of non-accompanied children on chairlifts is only permitted if the child's height is not under 1,25 m, or if their height is less than 1,25 m, they must be able to prove that they are 8 years or older. The person's responsible for the child and the person/s to whom they have entrusted the child, even in an informal manner, must first evaluate the child's aptitude to use a chairlift in order to organize themselves accordingly and to provide the rules on how to correctly use and behave on a chairlift, including situations in which the chairlift may stop. It shall however be understood that, by purchasing a child ski pass or accepting a free child ski pass, the buyer and/or acceptor is fully responsible for the use of slopes and lifts by the minor who is the beneficiary and that will use them under the direct surveillance of the buyer and/or acceptor.
31. The bike park is only open during the summer season, during which time it is possible to transport "mountain bikes", in compliance with the terms and conditions for the summer season. During the winter, it is prohibited to use the bike park routes.
32. Dogs must be muzzled and kept on a leash at all times. Dogs are only permitted on gondola lifts.

**Section V - Final Provisions**

33. In case of discrepancies between the languages of these general conditions of sale, the Italian version shall prevail.
34. The company has put in place the measures required by the new General Data Protection Regulation (GDPR 679/2016), as per the policy statement displayed at ticket offices or on the company website [www.ski.it](http://www.ski.it).

**PROMOTIONAL WEEKS**

The cost of the skipass is combined to the price of the associated accomodation facilities during the following weeks:

**SKI START** 25 NOVEMBER - 8 DECEMBER 2023

\* The price of a ski pass, starting from the 9th day, is calculated by adding the cost of each additional day to an 8-day ski pass.

### SKIAREA DAILY INTEGRATION

Ski pass holders with access to only one of the following resorts: Madonna di Campiglio or Folgarida Marilleva or Pinzolo can add a **daily upgrade** to access the entire Skiarea Campiglio Dolomiti di Brenta by purchasing an upgrade at the ticket offices.  
**Folgarida Marilleva + Pinzolo + Pejo: ADULTS € 37,00, JUNIORS € 26,00**

### DISCOUNTS, SUPPLEMENTS, INSURANCE

**CHILD:** Child present at the moment of purchase, born after 30.04.2015 accompanied by an adult receives a **FREE SKI PASS (from 1 to 14 consecutive days)** of the same type and validity as the adult accompanying (ratio 1:1 = 1 adult and 1 child). **TO OBTAIN THE FREE SKIPASS IT IS ESSENTIAL TO PRESENT THE IDENTIFICATION DOCUMENTS** (health card, passport) OF THE CHILD AND THE ADULT.

**REDUCED SKI PASS:**  
**CHILDREN** born after 30.04.2015 | **JUNIOR** born after 30.04.2007 only upon presentation of a valid identification document (e.g., tax code, identity card, passport) of the CHILD and the JUNIOR.

**SUNDAY RULE:**  
For ski passes of 2 to 6 days (excluding 5 on of 7 day ski passes) containing ONE SUNDAY, the following will be added to the ski pass price € 10,00 for the category Adult, € 7,00 for the category Junior, € 5,00 for the category Child (unaccompanied) on the purchase of ski pass of the type SkiArea Campiglio Dolomiti di Brenta and SuperSkirama.

**THIRD PARTY LIABILITY INSURANCE:**  
Based on the new Sport Decree Art. 30 DLgs n. 40/2021, Third Party Liability insurance becomes mandatory for all skiers starting from January 2022. The user must therefore be in possession of either his own private policy or, if he does not have one, a policy that will be proposed with an additional optional fee by our Company both online and at the cash desks.

**TICKET OFFICE PURCHASES:**  
Ski passes purchased directly at the ticket office are sold at the full list price and do not include ski pass refund insurance. List prices refer to the maximum ski pass purchase price for end-users.

## SAY GOODBYE TO YOUR OLD SEASON LIFT PASS

### One card, many benefits

- Ski first and pay later
- Go directly to the lifts
- Reach the threshold and save  
1° Threshold > 80% discount  
2° Threshold > Free

With Starpass, you'll only pay for the time that you actually ski, while saving both time and money. No more lift passes, no more ticket windows and no more cash.

Check out what's new on the SkiArea slopes: A Gift Card designed with MyPass for all ski enthusiasts!

### THE OFFICIAL SKIAREA CAMPIGLIO GIFT CARD

## ONLINE PURCHASES

### Visit our website SKI.IT

Buy early, spend less!  
"Pass Protection" insurance included\*

**ONLINE PURCHASES:**  
A dynamic price, with a maximum discount of up to 20% off of the regular price list, will be applied on all purchases made through the web shop on the [www.ski.it](https://www.ski.it) website. Ski pass refund insurance is included for all of these online purchases and refunds will be provided under certain specified circumstances (sales conditions on [www.ski.it](https://www.ski.it)).

### SKIPASS INFO

Take a photo of your ski pass and take note of the "NA" identification code!

In case of lost ski passes issued by Funivie Madonna di Campiglio (with the exception of hourly passes or one-way tickets) a duplicate can be requested at a cost of € 10,00 each (+ € 5,00 for the K-card).
